

# International Directory 2011

A satellite with large solar panels is shown in orbit above the Earth. The satellite's main body is metallic and spherical, with several long, rectangular solar panel arrays extending from it. The Earth's surface is visible below, showing a mix of white clouds and greyish-brown landmasses. Two parallel blue lines run diagonally across the upper portion of the image, starting from the left edge and extending towards the right.

RSM International (RSM) is the sixth largest network of independent accounting and consulting firms in the world. RSM was formed in 1964, adopting its current name worldwide on 1 January 1993.

RSM is represented by over 32,000 professionals in over 700 offices in 80 countries around the world.

<b>Worldwide</b>	<b>3,896m</b>

\* As at date of printing (12/10/2010)

RSM International is the name given to a network of independent accounting and consulting firms each of which practices in its own right. RSM International does not exist in any jurisdiction as a separate legal entity. The network is administered by RSM International Limited, a company registered in England and Wales (company number 4040598) whose registered office is at 11 Old Jewry, London EC2R 8DU. Intellectual property rights used by members of the network including the trademark RSM International are owned by RSM International Association, an association governed by articles 60 et seq of the Civil Code of Switzerland whose seat is in Zug.

© RSM International Association, 2010

## HOW TO USE THIS DIRECTORY

This directory is organised alphabetically by country. It lists the member firms and correspondents of the RSM International Network. An "International Contact Partner" has been identified for each firm and this partner is the individual to be initially contacted with questions or requests for information for a particular country. If an International Desk has been established in a region, country or firm, all work or enquiries should be directed to the International Desk. The International Contact Partners and the International Service Desks are responsible for the co-ordination of all international client work in their country. This directory is current as of October 2010.

The Index lists both cities and countries. Following information about the international organisation, all partners in member firms of RSM are listed alphabetically.

If information for a particular country is not listed in this directory, contact the Executive Office in London for assistance in services in that country.

The country listings also contain the following information:

- GMT** : The difference between Greenwich Mean Time (GMT) and the local time, per country, is shown as later (+) or earlier (-). Summer time changes are not taken into account.
-  **From** : This indicates the dialing code to be used when making an international call from that country (international access code).
-  **To** : This indicates the dialing code to be used when making an international call to that country (country code).

**Where partners specialise in a particular discipline, in addition to general practice, this is indicated after their name in the country listing as follows:**

- a: assurance
- c: management consulting
- cf: corporate finance
- f: forensic
- i: corporate recovery and insolvency
- l: law
- o: outsourcing
- p: pensions
- r: risk management
- t: taxation
- ts: transaction support
- v: valuation specialist
